- Expected to offer academic leadership in the Faculty and ensure the effective and efficient operation and that the highest quality standards are met. It is understood that this will include:
- being able to grow the faculty and its portfolio
- being able to promote smart learning and the use of ICT in education
- having a strategic vision for the faculty, and for the role of the faculty in the university.

### **Main roles & responsibilities**

1. Governance:

- Contribute to policies review, development, and ensure its systematic deployment within all areas throughout the faculty in order to ensure compliance, accountability, and efficiency.

2. Faculty operations and growth:

- Contribute to the development and implementation of the faculty strategic planning, action planning and budgeting, financial strategy to achieve University strategic goals and priorities.
- Design, develop, and maintain course content related to his/her own teaching (with aid of Head of Programme and Dean of the faculty).

3. Curriculum and accreditation:

- Seek and maintain local and international accreditation for all programs and offerings of the faculty in collaboration with Head of Programme and Dean of the faculty.

4. Research & Teaching:

- Foster a culture of research and environment within the faculty that encourage scholarly research activities and application for research grants among both faculty and learners in coordination with the Head of Programme and Dean of the faculty.

5. Community engagement:
